William Osler Health System (Osler) is one of Ontario's largest community hospital organizations, delivering innovative health care with compassion through more than 820,000 patient interactions every year. With Osler's three sites: Brampton Civic Hospital, Etobicoke General Hospital and the new Peel Memorial Centre for Integrated Health and Wellness, we offer a wide range of health services, with care provided by skilled health professionals working in multidisciplinary teams.

We are recruiting physicians with a passion for palliative care to join our dedicated and growing Palliative Care Program at William Osler Health System. Interested candidates would be part of the interdisciplinary team working with both hospital and community providers. Osler is a distributive campus for the McMaster Family Medicine Training program with 20 residents on site and active opportunities to teach undergraduate and postgraduate learners in Palliative Care as part of a collaborative faculty. It's an officially designated site for the training of the Royal College sub-speciality in Palliative Medicine

The successful applicants must be licensed to practice in Ontario and hold a Fellowship from the Royal College of Physicians and Surgeons of Canada or a Certification in Family Medicine from the College of Family Physicians of Canada. A certificate of added competency training and experience in Palliative Medicine is a requirement.

Expressions of interest should be forwarded along with your curriculum vitae to:

Medical Staff Office

Attention: Dr. Martin Chasen, Medical Director of Palliative Care
