

Canadian Society of Palliative Care Physicians

Policy Pertaining to Communication with Members (Including Surveys to Members)

Updated June 2019

The CSPCP receives many requests to send information to our Members, and/or to post information on our web site. We try to focus on messaging that is highly relevant to our Members, by focusing on the work of the CSPCP and work that we conduct in partnership with others. We also share relevant social media posts and opinion pieces written by our Members. All communications must align with the [Vision, Mission and Goals](#) of the CSPCP.

Communication Preferences

We respect our Members' communication preferences. All Members indicate on their membership profile whether or not they consent to:

1. Receiving emails and other communications from the CSPCP pertaining to my membership and to the information, activities, surveys and events of the Society
2. Receiving occasional research surveys issued by palliative medicine residents and other non-commercial palliative care researchers.

Surveys to CSPCP Members

Surveys from researchers are sent only to Members who consented to #2 above. All surveys must be approved by the CSPCP Vetting Committee prior to distribution. Requests may be submitted to the CSPCP Executive Director: ed@cspcp.ca. Include a cover note explaining which components of the CSPCP's [Vision, Mission and Goals](#) the survey aligns with. If approved, the survey will be sent once with up to two reminders.

Partner Events & Activities

The CSPCP will post events from not-for-profit organizations on the Events page, subject to approval from the Vetting committee. For details please see the CSPCP policy on Events Postings. It is posted on the [Bylaws and Policies](#) page of our web site.

Opinion Articles and Social Media Posts from CSPCP Members

The CSPCP will help communicate relevant social media posts and opinion articles from CSPCP members, though social media and/or the CSPCP quarterly newsletter (the "E-brief"),

subject to approval by the Vetting committee. Messages must align with vision, mission and goals of the CSPCP to be eligible for re-tweeting or posting through the CSPCP account. To submit a request, contact the CSPCP Executive Director: ed@cspep.ca
