

## Canadian Society of Palliative Care Physicians

### Policy on presentation of abstracts on behalf of the CSPCP

**If a CSPCP Member or Board member wishes to submit and present an abstract about a CSPCP project or other work conducted by the CSPCP, he/she must request approval of the abstract from the CSPCP Board before the abstract is submitted.**

To request approval: Submit a draft of the abstract and details about the conference (date, location, approximate number of attendees, audience) to [ed@cspcp.ca](mailto:ed@cspcp.ca). You will receive a response within 14 days.

If the abstract is approved by the Board, and it is subsequently accepted by the meeting organizers, the authorized presenter may request up to \$500 reimbursement of expenses related to the abstract, such as: conference registration, travel and accommodation to attend the conference, printing of a poster. The reimbursement applies only to external conferences (not to ALPM).
